

PRODUCT

The equipment manufactured by Harnois carry a one year limited warranty. The reference date for the implementation of the warranty is the substantial completion date. This warranty applies to the original purchaser, against any defects related to original specifications as well as manufacturing defects. This warranty is limited to components which are manufactured by Harnois.

If defects in product or manufacturing appear and are recognized during the one year period, Harnois will replace the defective parts without charges. Installation costs in relation with replacement parts remain at the customer's charge, while transportation costs are paid by Harnois. Components which are not manufactured by Harnois carry warranties offered by their original manufacturers.

This warranty excludes any other legal or conventional warranty, whether written or oral.

In the following cases, the property sold will not be covered by warranty:

- Installation, maintenance and practices not conform to the recommendations or guidelines of the manufacturer or seller
- Modifications or repairs unauthorized by the manufacturer or seller
- Exposure to products or conditions not recommended by the manufacturer or seller
- Exposure to weather conditions that exceed the specifications and recommendations of the manufacturer or sell
